

17th International Energy and Environment Fair and Conference

Within the IncoNet EECA project Task 7.3, TÜBİTAK is organizing an EECA Session in the context of the “17th Energy and Environment Exhibiton ICCI 2010” which will be held on June 15-17, 2011 in Istanbul.

The 17th of the ICCI Conference and Exhibition, which is successfully held since 1994 and regularly attended by approximately 7000 local and foreign participants, will be held with an enhanced content, as Energy and Environmental Technology Systems Fair and Conference at one of the most advantageous locations in the country in terms of location and capacity, Istanbul Expo Center, the economy and industrial capital of Turkey on June 15-17, 2011.

The ICCI 2011 Exhibition and Conference will present a general outlook on the energy sector worldwide and in Turkey, and accordingly, issues such as Liberalisation and Re-structuring in Energy, Offer and Demand Projections, EU Energy Policies, as well as technical matters such like Cogeneration, High Efficiency Energy Generation Technologies, Energy Plant Operations, Renewable Energy, Waste Management, Recycling Systems, Environmental Technologies will be dealt with both in national and international scale.

The researchers from East European and Central Asia countries will have a chance to make presentations in the EECA session during this conference.
